SOMETHING SERIOUS

Two British Warships Are Ordered South.

The Trouble Supposed to Be Near Honolulu.

Santa Teresa Inciting the Yagu to Rebellion—Durrant's Long Lease of Life—San Jose Bank Failure—Mayor Suro's Mail.

(BY TELEGRAPH TO THE TIMES.)
VICTORIA (B. C.) March 9.—(Special Dispatch.) Quite a little stir was caused in naval circles today when it was learned that Her Majesty's ships Pheasant and Comus received word to put to sea as soon as possible, but not later than Saturday, under sealed orders. At first it was rumored that the whole fleet was ordered to sea, but this was denied later. The officers, of course, do not know what the orders are, but they seem to be under the impression that there is something in the vicinity of Honolulu to demand their attention.

The Comus had only arrived from the south a few days ago, and consequently it must be something serious that is calling both the Pheasant and the Comus away from Esquimaux at this time. Besides this, both vessels have orders to carry all ammunition, provision and coal that can be stored on board. Men have been at work all day loading the Pheasant and will commence on the Comus as soon as she comes out of the dock, where she went today for examination as to injuries she received by grounding at the entrance to San Diego Harbor. It was found that she was not injured seriously, only a few copper sheets being torn. These are being replaced tonight and she will leave the dock tomorrow. The officers do not know themselves why they should be sent to the South Sea, but England may have an eye on some islands that are required for the Pacific cable scheme.

A SAN JOSE FAILURE.

Suspension of the Old Commercial and Savings Bank.

(BY ASSOCIATED PRESS WIRE.)
SAN JOSE, March 9.—The Commercial and Savings Bank of this city closed its doors this morning. A notice on the door stated that the directors deemed it advisable to liquidate. The depositors, it is said, will be paid in full. No details are yet known. The capital stock is \$1,000,000; paid up, \$300,000; surplus, \$235,000.

E. D. Murphy, one of the directors, last week gave a trust deed to the valuable property to Donahue, Kelly & Co., and an absolute deed to another portion to Charles Fox. He also mortgaged a ranch near Mountain View for \$30,000. The failure caused a big stir here.

The last statement to the Bank Commissioners showed that the liabilities and assets amounted to \$1,333,000. Among the resources of the bank are loans on real estate amounting to \$238,000; loans on personal security and overdrafts, \$653,000; real estate taken for debt, \$734,000; and cash, \$25,215; due from banks and bankers, \$24,000.

Among the liabilities are: Paid-up capital, \$300,000; reserve fund, \$200,000; depositors, \$739,000; due banks, \$19,000; city money on deposit, \$3400; other liabilities, \$3800. The directors of the bank and their holdings of stock are as follows: H. B. Alvord, 100; J. W. Findlay, 75; L. Lion, 85; E. D. Murphy, 65; J. W. Ryland, 25; Jacob L. P. 20; J. W. Rea, 20; Ed Williams, 20; L. A. Whitehurst, 20. The market value of the real estate taken for debt is placed at \$85,000.

The Commercial and Savings Bank was one of the oldest banking institutions of the city. The directors, in announcing the suspension, say the assets are largely in excess of the liabilities, and in the judgment of the officers, the demands of depositors and creditors will be paid in full. The announcement caused considerable excitement, and a crowd gathered in front of the bank. The directors, however, showed no fear, and the other banks of the city showed no evidence of a run. There is a general feeling that the bank will pay dollar for dollar. One of the directors of the bank said that the bank would probably reopen in thirty days with a new name. The directors of the bank failed to mention the fact that the bank had a number of large loans out, and could not get borrowers to pay up. The bank joined the Shasta Lumber Company \$180,000, but has good security for the amount.

The Bank Commissioners will arrive from San Francisco this afternoon, and it is the opinion that they will find the bank in better condition than usual in bank failures. E. D. Murphy is president and manager of the bank. The deeding of some of his principal property in this city and mortgaging a ranch at Mountain View last week caused some comment, but it is stated that these transactions had nothing to do with the bank, and did not affect its standing.

DURRANT STILL UNCHANGED.

Nearly a Year Has Passed Since

Blanche Lamont's Death.

(BY ASSOCIATED PRESS WIRE.)
SAN FRANCISCO, March 9.—On April 6 next a year will have passed since the murder of Blanche Lamont and yet Theodore Durrant, who was convicted of the crime, is still in the County Jail waiting the final action of the State Supreme Court in the case. Immediately after Durrant's conviction he was taken to jail, but the case has not been presented to the Supreme Court owing to regulations for additional time made by both sides. The last postponement took place a week ago when the prosecution was granted twenty days in which to file a bill of exceptions. At the end of this time it is believed the case will be presented to the Supreme Court, but a decision is not expected for several months.

Durrant was sentenced to be hanged on February 21, but the slow manner in which justice is meted out to murderers in this State makes it probable that he will not meet his death much before the close of this year. Meanwhile the prisoner is spending his time at the County Jail much the same as the rest of the inmates. He has few visitors and devotes most of his time to reading and writing. He has written a history of his life and lately he is said to have begun the study of law.

WARLIKE SANTA TERESA.

Reported to Be Inciting the Yagu to Rebellion.

NOGALES, March 9.—A telegram received by Collector Webb from Marshal Meade, dated Tucson, March 7, states that advices have been received from a trustworthy source that Santa Teresa de Cabora, headed for the Mexican line from San Jose, Graham County, with six hundred followers for the purpose of inciting a rebellion against the Mexican government.

The telegram requests Collector Webb

to instruct all his men to be on guard for the insurgents, as it is supposed they will cross the line between Nogales and Bisbee. Santa Teresa is said to have great power over the ignorant and superstitious Yagu, who look upon her as a saint with supernatural powers, and it is said that a thousand of them would follow her orders against the government.

Aguirre was the editor of El Independiente, at this place. Chapa is also a newspaper man of ability, and formerly conducted a paper in El Paso. He was with Garcia a couple of years ago in the Rio Grande fiasco.

LITTLE CHILDREN KILLED.

Crushed to Death by an Electric Car at Oakland.

(BY ASSOCIATED PRESS WIRE.)

OAKLAND, March 9.—Kate Anna Booth, aged 10 years and Ida Emily Booth, aged 5, were run down by an electric car of the Oakland Consolidated line at 6 o'clock tonight and instantly killed. The children were daughters of Frank E. Booth, a commission merchant of San Francisco, who with his wife had been playing on the sidewalk, and they started to cross the street when the car struck them.

Kate was struck first. The wheels passed over her head, crushing her skull in a frightful manner. The bones of her arms were broken and both legs were crushed. She did not go under the wheels. She was found under the car with her skull fractured. There being no fender on the car, the axle passed over her body without touching the form. Her fatal wound was received when the car first struck her.

Hundreds of people gathered at the scene of the accident ready to assist the little ones, but there was nothing to be done except to remove them from the track. Their mangled remains were taken away by the coroner and then to the morgue. Kate and Ida were the only children in the family. A few minutes before the accident occurred they were playing on the sidewalk and they were going out to play and would meet their father when he got off the 6 o'clock train.

THE CASE AGAINST SUTRO.

San Francisco's Mayor Lays it to the

City.

(BY ASSOCIATED PRESS WIRE.)

SAN FRANCISCO, March 9.—The local authorities are awaiting instructions from Washington before entering proceedings against Mayor Suro for sending defamatory matter through the mails. The envelope addressed to Congressmen and bearing the inscription "Collier P. Huntington would not steal a red hot stove," are to be made the basis of the complaint. United States Inspector Erwin had a long consultation about the matter today. Foote is of the opinion that the case against Suro, on the other hand, is not at all alarmed.

"The whole matter is a high-handed proceeding," he said today. "I think it was primarily instigated by the octopus. If I am arrested, I suppose I will have to submit the name as any other citizen, but until I am arrested I do not propose to move in the matter. I have not as yet even consulted my attorney. Of course, if a man doesn't want to see boxing, he doesn't have to, but he's got no business to interfere with those who do. I don't intend to let his graft is to tell how to go to heaven. Let him stick to that. What business has he got to interfere with legitimate sport?"

INDOOR CYCLING.

Edwards and Wells Make New

Marks—A Collision.

(BY ASSOCIATED PRESS WIRE.)

SAN FRANCISCO, March 9.—Interest in the great in-door cycle racing tournament is unabated, the building being crowded every night and standing room is at a premium. The first event on the programme tonight was an exhibition quarter-mile by J. E. Edwards, who rode to beat the world's record of last week. He succeeded in lowering the record to 21.55. The first eighth was ridden in 2.55.

Charles Wells lowered the in-door record for one mile in the first heat of the mile handicap, to 2m. 12.55. His time was 2m. 12.55. The big record-breaker was most enthusiastically applauded by the spectators with whom the champion California rider is a great favorite.

Julius Jaegling and John Egan on a tandem rode a quarter in 2m. flat. The one-mile handicap was won by Tantau, Ackerman, Languein and Metcalf. On the seventh lap Metcalf fouled Languein and Tantau, but Tantau, who was riding behind them, also came down. The race was a walk-over for Ackerman, who escaped the collision and won the race. Metcalf remounted his wheel and rode the race out. Languein did not protest against him.

INGLESIDE RACING.

Defargilla Surprises the Talent.

(BY ASSOCIATED PRESS WIRE.)

SAN FRANCISCO, March 9.—This afternoon was an ideal day for racing, and quite a crowd witnessed Ingleside. The track was in good condition, and five good races were run. Defargilla surprised the talent by winning the seven furlongs handicap with the long odds of 12 to 1 against her. Altogether it was a very successful day, only two winning, and they were at prohibitive odds.

Four furlongs: Mary K. won, Gordon second, Indio third, time 1:04. One mile and a quarter: Rey del Banditos won, Red Root second, Basso third, time 2:04.

Five furlongs: William Pinkerton won, Veragua second, Fleet third, time 1:04.

Seven furlongs: Gratify won, Tobey second, Figue third, time 1:15.

Seven furlongs: Defargilla won, Victor second, Lobengula third, time 1:23.

WILL COMPETE AT HENLEY.

Names of the Yale Men Who Are

Going Abroad.

(BY ASSOCIATED PRESS WIRE.)

NEW HAVEN (Ct.) March 9.—The members of the Yale crew who are going to Henley were taken before Walter Camp this afternoon and each, under oath, attested he was an amateur. Affidavits were made and will be sent to England. The documents were signed by the City Clerk.

The following is the list of those who will go: Ralph B. Treacy, D. V. Butth, Fred Conoley, Stuart Patterson, P. C. Campbell, George Langford, J. C. Whitney, New York, James L. Rogers, J. C. McLaughlin, G. T. Marsh, D. L. Rogers, J. L. Hitchcock, L. H. Simon, Phillip Bailey, Alexander Brown of Philadelphia, J. B. Beard, J. Wheelwright, T. W. Miller, J. R. Judd.

Edgren's Great Throw.

BERKELEY, March 9.—Robert Edgren, the well-known university hammer-thrower, has broken the world's record for throwing the sixteen-pound hammer. Out on the Berkeley campus today he threw the missile that has made him famous, 147 ft. 7 in. The world's record was formerly held by Mitchell, the New York Athletic Club hammer-thrower, who placed the mark at 145 feet.

Snatched the "Sparklers."

DENVER, March 9.—This evening an unknown man snatched a tray in which were forty cigars worth \$5000, from a showcase in Gottscho's jewelry store on Sixteenth street and made his escape. He was followed and fired upon by a clerk and several bystanders. The thief returned the fire, slightly wounding George Jensen. The police are searching for the robber.

EXCURSION TO ELSINORE HOT SPRINGS.

Saturday, March 14th, Via Santa Fe.

An ideal spot, located in the heart of the mountains on the shore of Eldorado Lake. Fine hotel, good hunting and boating, and mineral baths. Three hours from Los Angeles. Round trip, \$5, tickets good returning within ten days.

THE DEATH WATCH ON.

JOHN CRAIG MUST HANG FOR HIS CRIMES.

The Supreme Court Affirms the Decision of the Trial Court—The Poor Murderer Has Cheated the Gallows for Two Years.

John Craig must hang. The Supreme Court has affirmed the decision of the lower court, and Craig's hopes that his life might be saved by a technicality are dashed to earth.

The news came yesterday afternoon in a telegram to the County Clerk, Sheriff Burr at once ordered that Craig be locked in the condemned cell on the third floor of the County Jail, a strong case made of chilled steel, built especially for the reception of murderers whose last hope is gone. There he will stay until the mittimus comes, with the eyes of the death watch on him night and day. Some time will elapse before the papers will arrive from the Supreme Court, which are necessary for sending Craig to San Quentin. Then it rests with Warden Hale whether Craig will be launched into eternity.

When Sheriff Burr carried the news to the condemned murderer, Craig received it very coolly. It seemed to make little difference in his actions during the rest of the day. He has probably long realized that he had no hope and that his lawyers could do no more to delay for a little his doom.

It is now nearly two years since the community was horrified by one of the most atrocious crimes in its history—the killing of an aged man and two helpless women by a wretch named John Craig. Mrs. Craig had been forced to part from her husband by his brutal conduct, and had gone to live with her brother, George Hunter, on his ranch in Tropico. Craig threatened vengeance unless she would come back to him, but she firmly refused.

Late on Wednesday afternoon, July 25, 1894, Craig drove out to the home in-law's ranch. About 7 o'clock he reached the farm. George Hunter came out from the rear of the ranch-house, and the door swung open. Craig fired at young Hunter, hitting him in the right cheek. Next the villain fired at his wife, bringing her dying to the ground. As Craig rushed toward the poor woman's prostrate form, the servant girl hid from him, while the children hid or fled in terror. The alarm was given and the police came. Hunter, close by, but when the relatives and friends arrived on the scene, the woman was dead and her husband hovering between life and death.

Not satisfied with his bloody work, Craig drove like mad to the city, and hid in the rooming house of Dick Hunter, close by, but when the relatives and friends arrived on the scene, the woman was dead and her husband hovering between life and death.

TEACHERS ASSIGNED

PEOPLE WORRIED BY THE MEASLES EPIDEMIC.

One of the New School Board of Los Angeles met last night at the Board of School Property in session.

Arist of school department busant through the hoper of the of Education last evening. A and was present and no time was in dealing with the various that came up for consideration. Health Committee of the Board the following report:

During the present epidemic of the Superintendent of Schools require all children to remain at least ten days after the dent of a case of measles in a where there are other children ing school, unless a physician evidence that such children and the disease. Conclusive evi- would be a certificate from a physician that the child children during illness. Where any doubt, give the school the of the doubt. No child who has aser will be allowed to attend from a family where there is a measles, unless said child is kept in a separate apartment so that the child and other child- tending school shall not at any me in contact therewith. When come to your knowledge in fam- ily, have not been a physician, please ask them to report all to the Health Officer, in accord- with the city ordinance, and re- quire them to permit from the Health Officer, as required by said ordi- which reads as follows:

Every physician and other person, immediately report by writing to the Health Officer the name and ad- dress of any patient he or she may have, the limits of the city of Los Angeles, affected by measles, scarlet fever, typhoid fever, or other infectious or contagious dis- ease, whether in a hotel, boarding-house, and every house, or other person shall immedi- report in writing to the Health Of- ficer the name and location of any in- fectious or contagious disease, and the foregoing sec- child or other person who has suffering from or is affected with infectious or contagious disease, may belong to or reside with in a family or in the same house in a person so affected may be lo- cated, he or she may be permitted to attend any public or private, within the lim- its of the city, and all school boards, principals or teachers, or other persons shall be permitted to exclude any and all children and persons from said school until such person so excluded has been permitted to attend. Or- dinating there is no longer danger of contagion or infection."

report was at once adopted by the Board and will be made regu- lar to the principals of schools. matter of straightening out the school the Boyd-street school where the house has been located. The is- sue was brought up by Director and, upon motion, was referred to the Contracting Committee to consult the contractor and remedy the defect.

petition requesting that Mrs. C. M. Ellis, the late principal of Castel- street school, be reinstated as prin- cipal of the school, was read and was mented by several verbal pleas of the Board of the school ex- penses con- sidered to the school. The matter was ased to the Teachers' Committee.

LUCKY SCHOOL MA'AMS.

The Teachers' Committee submitted the following report:

We recommend that the remaining buildings be occupied on the 16th with the exception of Olive-street building. We further recommend the assignment of the following: Cas- tle-street building—Mrs. A. L. Hurston, principal. The eighth-street building—Miss Jessie W. K. director; Mrs. Hanna E. Ellis, assistant; Mrs. Estelle B. Ellis, assistant; Miss Emma Griffiths, Miss Kate Conant, Miss Anna Arnold, Miss Walker, Miss Mary Murphy, Miss H. Prince, J. B. Monlux, prin- cipal. The ninth-street building—Miss Augusta Flent- K. director; Miss Olga Flint, K. as- sistant; Miss Helen Vineyard, Miss M. Dick, principal; E. P. Row- land, assistant.

Second-street building—Miss Alice King, Miss Frances M. Sanders, Ada E. Corbett, Mrs. W. L. Frew, principals.

We recommend Miss Lella Brouil- lard, eighth grade at Normal primary; Florence O'Neill, fifth grade, Hew- ington; H. L. Two, second grade, at the eighth-street school. Miss Mary King, Miss N. A. Barraough to the first- street; Miss Mina Norton, Ann- arket; Mrs. Mabel B. being, Castles- treet; O. Damon, Chestnut-street. We further recommend that Miss A. Parcell be transferred to Ninth- street, and Margaret M. Ostrab be in- Winona Huntley, Hellman-street, garten, and Miss Alice Blacking- be retained as assistant of Castles- treet building.

We further recommend that the region of Miss Bernice Knox be ac- cepted.

report of the committee was ed by the board.

SCHOOL SITES IN DISPUTE.

Chairman Kennedy reported from the building committee that after thor- ough investigation the committee had determined that the heating and ventilating apparatus in the various schools were unsafe, until the con- tractors had determined the remedy. He said that the contractor re- sponsible for the work in the San Pedro-street school, making the same absolutely fire- proof, which was being constructed, was the owner of the ground upon which stands the Arroyo-street school offered to the board 150 feet square of the site which was being con- sidered for the new school. The statement was made by Director untion that the Castles-street school be in a position to be of Education having no title to any of the pieces of property named.

Secretary Dandy was instructed to se- cure to both parties.

MISCELLANEOUS MATTERS.

The board instructed the Secretary to join with the property-own- ing Improving Chestnut street.

Director Grubb invited his colleagues to the flag-raising exercise at 1:30 o'clock today at the Sixth-street school.

The Executive Committee of the Los Angeles Teachers' Association re- quested that the board grant to the teachers under its control permis-

ation, to be held at the Normal school in this city from March 26 to March 29, and the request was made so far as it pertains to Friday, March 27. San Diego, Orange, Riverside, Santa Bernardino, Ventura and Santa Barbara county teachers will be invited to attend the sessions. The Finance Committee reported approving bills to the amount of \$3702.53, the bills were ordered paid.

Albert Lewin was named as the janitor of the Twenty-fifth street school, Herbert Teale was elected to fill a vacant position at the Olive-street school.

The Times

ALL ALONG THE LINE.
Excitement has not yet subsided in Pomona over the recent murder in that orderly city.

The Enoch Talbot oil vessel has a hard time in sailing from San Pedro with her cargo for the San Francisco market. In her case oil on the troubled waters seems to be ineffectual.

An electric railway in Santa Ana, connecting that substantially-built town with several of its prosperous neighbors, and eventually going on to the sea, a distance of about ten miles, does not now seem to be an impossible undertaking, by any means.

The City Council yesterday, after hearing a protest from the Seventh Day Adventist people, instructed the City Attorney and Street Superintendent to insert in all future contracts for street improvement work, a clause forbidding the employment of laborers on Sunday.

Pasadena's new ordinance against street parades and "tooting of horns" is about to apply to tally-ho parties as well as to the Salvation Army. It will be interesting now to watch the police of that city capture while wagon loads of tourists and white-gowned maids from school who dare to have their tooters while passing through the streets.

The rumor that San Diego would have to "bear" another burden by being deprived of the \$100,000 beer brewery, now being built in that city, is entirely unfounded and the San Diego mind rests easier. The uncertainty of the solution of the water question in that city has been relieved in part by the prospect of the requirement of a 100,000-barrel beer brewery. Good and cheap beer is a blessing in the eyes of many people not given to prohibition privileges. And to have \$100,000 of the beer business right in the heart of a city of 20,000 thirty souls is a comforting assurance when the problem of securing a municipal water supply remains unsolved.

One of the curious incidents of the Del Mar week on Saturday night, according to the physician who attended the patient, was the action of one of the women passengers. When the cars were thrown from the rails this woman was not unduly excited nor apparently alarmed. After the danger was over and nearly an hour after the occurrence of the mishap, while the woman was comfortably seated on the hillside resting, she suddenly toppled over in a severe faint. The doctor labored long and earnestly before succeeding in restoring the patient to consciousness. The logic of the reaction of the mental processes causing the fainting spell is a matter which probably only the X ray can solve.

A call has been issued for a meeting of an alleged executive committee of an alleged American bimetallic party in Los Angeles today at high noon. This is the Pepper-Udell-Savage-Robson outfit that undertook to wage the State of California on the silver question a year ago, and which had a set-to with Gen. A. J. Warner, when he and ex-Congressman Sibley were in the State on a campaign tour. It appears from the call for the meeting of the committee that these ex-Populists have not yet given up the idea that they can run the United States, as they propose to nominate Senator John T. Morgan of Alabama, and Senator Allen of Nebraska, both Democrats, and compel the rest of the United States to come into the political fold of the Los Angeles outfit. Their success last year was not phenomenal. They were rejected by Gen. Warner, and repudiated by Congressman Sibley, and when they tried to run things in San Francisco, they were equally unsuccessful.

Killed by a Train.
Fate played an unkind trick last evening on J. H. Barber, the one-legged hackman whose stand is by the Wilson Block. A friend of Barber's, a hack-driver temporarily out of a job, yesterday evening found a customer who wanted a hack, and offered to drive to do the driving himself. He drove the hack down Commercial street, and started across the track. Just then the Santa Barbara train started up, but without a premonitory clanging of the bell. The driver made a desperate effort to escape the danger, but in spite of his efforts the engine struck the horse. The steam hit the animal's shoulder, crushing it and cutting a deep gash. It was found necessary to shoot the poor beast. The hack and the driver escaped without injury. The loss falls heavily upon Barber, since the horse was his own property.

Too Much Morphine.
A young man came to the Police Station yesterday afternoon, suffering from derangement of the mind. On searching his pockets, the officers found a supply of morphine pellets. It is believed the man's unfortunate condition was caused by excessive use of the drug. He gave his name as Edward Van Arman. Later he was sent to the County Jail.

NOTICE.
Hereafter the Flower Kingdom Herb Remedy Company will receive no visitors on Sundays or on Wednesday afternoons.

Pointers for the Ladies.
Moles, naevus and superfluous hair successfully removed by electrolysis. Unexcelled face massage, facial, manicuring, etc.; artistic hairdressing, hair curling, etc.; electric scalp treatment for itching hair. Immense assortment of brushes and combs. Imperial Hair Dresser, 224-226 W. Second st.

"LIVING FOR" BUDD.

Politicians Who Hang Close to the Governor.

The Executive Met the Agricultural Park Directors.

Stockholders May Transfer Their Stock—Recommended a Combined Meeting of Stockholders and Directors.

All yesterday morning the Hollenbeck was filled with anxious politicians, who thronged the rotunda and over-looked into the adjacent passages and stairways. They were waiting for Gov. Budd and his party, but were disappointed for the Governor decided to stay in Pasadena Monday night, visit the Throop Polytechnic Institute, compare the school's mechanical department with that of Whittier, where he went last evening. But at 2 o'clock the great man arrived, and was at once besieged by many and diverse kinds of personages, all wanting something, and some wanting everything.

But the Governor was to meet the directors of Agricultural Park, and so he made short work of the importunate applicants. He quickly went upstairs and at once started to business. Besides the Governor, there were present Senators L. J. Rose, who seems to be the Governor's mentor on this occasion; Capt. J. C. Newton, George Hinds, R. R. Brown, W. H. Wiley, Dan Stevens, and a host of other politicians, and John W. Mitchell, their attorney. On the side of the shareholders were E. T. Wright, J. C. Lynch, ex-Speaker of the Assembly; Nick Covarrubias, 224 Ryan, M. N. Conkling, William Niles and several others.

The Governor took right hold of the question where he had left it on Saturday. Mr. Ryan, the present holder of the park lease, was questioned as to why he had not paid up or got out. To this Mr. Ryan sensibly replied that he had received notice to quit, but that should he leave there would not be any one to take care of the place, and he, as shareholder, did not want to see it go to the dogs. In answer to questioning by Mr. Budd, Mr. Ryan said that the board of directors should get a man to lease the place as cheaply as possible out of the difficulty. The best man who put in the highest bid should be taken. The lease should not be less than one year, and might advantageously be extended to three years; the longer the better for both sides.

Then arose the question as to the income derived from the track by the lessee, so that an approximate rent might be demanded by the board. Mr. Ryan said that there were now about sixty horses at the park, at a monthly charge of \$1 per stall. But the horsemen were nearly all broke at this period of the year, and as a consequence his average monthly rental from this source only amounted to about \$25. The time of the fair time, and the periods beginning and ending it, as then most of the owners were well able to pay for their accommodations. It was here that the Governor then asked the matter quietly with the directors, and finally asked outright if they were satisfied with Mr. Ryan as a tenant. Receiving an affirmative reply, he asked Mr. Ryan if he would lease the ground for three years, when E. T. Wright, the Governor then asked Mr. Ryan whether he would make terms for one year, the latter agreeing, but insisting that the would not be as favorable for a longer period. Mr. Ryan was finally requested to tender leases for one, two and three years respectively, his figures for the lease to accompany the papers.

M. N. Conkling, the lawyer, then arose and said that he represented a number of the stockholders, and asked why the present board of directors would not transfer stock. He said that the directors have refused to transfer stock in this he was supported by Mr. Wright, who cited as an instance that he had several shares waiting to be transferred which had been so waiting for over a year, in spite of his request. The Governor examined the deed of transfer of property to the original association, and found out the conditions of the stock. The shares being shown to be legal and transferable, the Governor ordered that they be henceforth transferred on request.

The real cause of the meeting, the reorganization of the directorate, then came up. R. R. Brown, one of the board, spoke of the good work done by the directors, and suggested that the Governor continue to appoint the directors until the good work was done. Mr. Wright gave a very plain reading of the new law, whereby the shareholders could obtain entire control of the park. In this he was supported by Gov. Budd, who read the extract spoken of by Mr. Wright, and made some pertinent comments thereon. Among other things he said that last year, without any appropriation at all, the board had made \$7000 out of the fair. In the previous year, with the assistance of a large appropriation from the State, the same board had made nothing at all. Moreover, as long as he was Governor, he would continue to veto any bill providing for appropriations to hold fair in the so-called agricultural districts. As a final remedy, he suggested that there be but one board, five members being elected by the shareholders and five appointed by the State. This suggestion seemed to meet with much favor from both sides, though the stockholders will probably request that a majority of the board be made directors by election, and not by appointment. In order to show how the stockholders feel in the matter, E. C. Lynch introduced the following petition:

"To the secretary of the Agricultural Association, No. 5: We, the undersigned, holders of certificates of the capital stock in the above-named association, desire to have you call a meeting of said certificate-holders in accordance with sec. 106 of an Act to Amend an Act, entitled 'An Act to Form Agricultural Districts, etc.,' approved February 18, 1895, as shown on pages 14, 15 and 16 of Statutes and Amendments to the Code of California, 1895." This petition is signed by eighty-two out of 127 shareholders, and shows the signatures of William Ferguson, L. J. Rose, A. N. McNally, T. D. Mott, William Banning, E. H. Workman, Eugene Germain, Kasper Kohn, N. C. Carter and all the most prominent shareholders in the park. Such a petition showed the Governor more than anything else how anxious the stockholders are to have the reorganization take place.

Finally, after some discussion, the Governor suggested that this petition be filed with the secretary, and that the stockholders meet and decide on what they want. Then let them call in the present board of directors and hold a combined meeting, both sides giving their views and laying their plans for future action. Then another conference can be held with the Governor at some future date. Meantime, Mr. Ryan will put in his leases and bids, and both sides can see the financial end of the affair. This being received favorably by both sides, the Governor broke up the meeting, and went to chatting with his friends.

The Governor was to have visited the Normal School yesterday afternoon, but the meeting of the directors unfortunately prevented him. He will, however, go this morning to pay the price.

Ised visit. Last evening the Governor took the 5:30 train for Whittier, where he will compare the mechanical appliances with those in the same department at the Throop Institute. He will return this morning, the date of his return to the north not yet being definitely settled.

Sustained the Presiding Elder.

The Methodist Episcopal preachers of San Diego district were called together at Colton yesterday by certain of their number who are dissatisfied with the administration of their presiding elder, Rev. Dr. Caswell. His action in removing Rev. Mr. McIntire from San Bernardino was the thing for which they intended to censure him. A committee previously appointed had prepared a report unfavorable to his administration in the case, upon which they tried to get a vote. But after an extended debate, some of which would not look well with a halo around it, a resolution approving his action in the case was adopted as a substitute, and went through by a large majority. The opinion is expressed that the preachers of the district did themselves honor in standing by their hard-working officer and letting him pursue the work of the year in peace, without the embarrassment of a vote of censure. The opinion is also expressed that his enemies would do well to let him alone.

A Fight in Sumatra.
THE HAGUE, March 9.—It is announced that the Dutch military patrol has been attacked by Alchines near Angaleony, island of Sumatra. Eight Dutch soldiers were killed, five officers and twenty-one men wounded. The Alchines lost six leaders and thirty-seven men killed and wounded.

Cecil Rhodes to Be Arrested.
LONDON, March 9.—It is admitted by the police authorities that a warrant has been issued for the arrest of Cecil Rhodes, charged with complicity in the importation of arms into the Transvaal territory for use against the authorities of that republic.

SHOES OAK VELVET

We do not advertise cheap shoes. If you speak by the first cost we offer no bargains. You can get flooring, clothing or shoes at any price, but not oak at the price of hemlock, or velvet at the price of cotton; and in shoes fits cost more than misfits. A Shoe which has the beauty of velvet and the endurance of oak is not sold at the bargain counter; \$5.00 is enough to pay for a good shoe. We have higher costs and lower costs, but always the best if you

1. The first part of the document is a list of names and dates, which appears to be a record of some kind. The names are written in a cursive script, and the dates are in a more formal, printed style. The list is organized into two columns, with names on the left and dates on the right.

FOR FLORAL DAY.

GOOD RULES WILL REGULATE THE FIESTA FLOWER SPECTACLE.

Freemantles to Prevent Confusion.
What Exhibitors Must Do—The Rules That Will Be Awarded.
Cash and Banners for Winners.

The committee having in charge the management of the Floral Day of La Fiesta, has arranged a programme and a list of prizes that will insure a magnificent spectacle, and adopted rules that will make it successful in every way and will prevent the unfortunate confusion that came so near harrasing last year's show of flowers. The rules governing exhibitors provide that, in order to prevent confusion and also to facilitate the judging, each participant will be given the day before the parade, two cards, indicating the section to which he is assigned, and his position in that section. These cards must be conspicuously displayed during the procession.

Each participant must take the position assigned to him by the committee as indicated by said cards. A violation of this privilege subjects exhibitor to expulsion from the parade, or forfeiture of all rights as a prize competitor. This rule will be rigidly enforced.

No vehicle or sign will be permitted to participate in the parade, who, by pat, banner, sign or any device displays an advertisement of any trade, mercantile pursuit or business occupation.

A float shall be deemed a vehicle on which the frame or platform shall not be less than 10 ft. high, with cloth or other material along the sides and ends thereof, and extending within one or two inches of the pavement, completely concealing the wheels of the vehicle. No float shall exceed fifteen and one-half feet in height. All float competitors for prizes are required to furnish the Floral Committee, upon the registration of their entries, with the title of the subject to be represented.

The committee reserves the right to refuse permission to admit any vehicle or person to enter into the parade, or to expel from the parade at any time any participant, who, in their judgment, violates any of these rules.

All entries must be registered on or before April 10, 1896. Entries may be forwarded to C. D. Willard, secretary of the Fiesta, Chamber of Commerce, intending competitors are earnestly requested to forward their entries at the earliest possible date. When forwarding entry, be sure and give post-office address.

The rules for judging provide that the most artistic arrangement of harmonious blending of natural flower decorations, shall constitute the standard of comparison. Artificial flowers shall not compete for prizes. Natural grasses, ferns, bracken, or trailing vines shall be admitted for decorative purposes, nevertheless, in competition for prizes, decorations of flowers shall have higher value than any other. Where there is but one entry in a section, the judges need not award a prize, but may, in their discretion, award a premium, if the entry is meritorious. Judges must take into consideration the appropriateness of the dress of the attendants and drivers.

Prospective exhibitors who desire more information can get it of Secretary C. D. Willard, at the Chamber of Commerce. The Floral Committee comprises: Ben C. Truman, F. W. King, H. W. O'Melveny, Granville MacGowan and Frank S. Hicks.

THE PRIZES OFFERED.
The list of prizes to be awarded for the best decorations in La Fiesta floral parade at the tribunes, Saturday afternoon, April 25, is as follows:

Class A—Floral float: First prize, \$100 and a red banner; second prize, \$60 and a green banner; third prize, \$35 and a yellow banner.

Class B—Coach, break or drag, six-in-hand: First prize, \$75 and a red banner; second prize, \$50 and a green banner; third prize, \$25 and a yellow banner.

Class C—Coach, break or drag, four-in-hand: First prize, \$60 and a red banner; second prize, \$40 and a green banner; third prize, \$20 and a yellow banner.

Class D—Traps, one or two horses: First prize, \$40 and a red banner; second prize, \$20 and a green banner; third prize, \$10 and a yellow banner.

Class E—Carriage or surrey, two horses: First prize, \$50 and a red banner; second prize, \$30 and a green banner; third prize, \$15 and a yellow banner.

Class F—Victoria, broughams, landaus, wagons and similar vehicles will come within the above classes.

Class G—Farm or spring-wagon, two or more horses: First prize, \$35 and a red banner; second prize, \$20 and a green banner; third prize, \$10 and a yellow banner.

Class H—Buggy or phaeton, two horses: First prize, \$40 and a red banner; second prize, \$20 and a green banner; third prize, \$10 and a yellow banner.

Class I—Carriage, buggy or phaeton, one horse: First prize, \$35 and a red banner; second prize, \$20 and a green banner; third prize, \$10 and a yellow banner.

Class J—Tandem, two horses: First prize, \$30 and a red banner; second prize, \$15 and a green banner; third prize, \$10 and a yellow banner.

Class K—Village or dog-cart, one horse: First prize, \$25 and a red banner; second prize, \$10 and a green banner; third prize, \$5 and a yellow banner.

will be one of the special features of Fiesta week. The music has selected is of the sort that will appeal to all tastes, being of the bright musical order, nothing very heavy being undertaken. There will be three great choruses. The first is from Mendelssohn's great oratorio "Elijah," and is the heaviest of the three. The second chorus is from Sir Michael Costa's "Damasus," the famous war march being selected. The third and last is the magnificent finale to the second act of Johann Strauss opera, "The Queen's Lace Handkerchief," and is a piece of music that is sure to warm any audience to enthusiasm. The rehearsals are progressing finely and the musical feature will be not the least in the great attractions promised by the Fiesta Committee.

POLICE COURT.

The Hero of Several Escapades Landed in Jail.

B. E. Goodwin has found his place in city jail at last. He was arraigned before Recorder Rosseter yesterday and had his trial for disturbing the peace set for the morning of the 12th. Goodwin is a worthless scamp who has been in trouble most of the time for months past. There are three charges pending against him. His habits were so bad, he associated so much with low characters that his father on November 18 swore out a vagrancy complaint against him. The young fellow left town, but at intervals ever since he has reappeared, never staying long at a time. Goodwin has been hanging around a woman known as the Spanish Beauty, January 2 he got into a row with her and she swore to a complaint charging him with disturbing the peace. Sunday night Goodwin was in town again, he got into another fight with her, and Officer Long arrested him for battery.

E. J. Dole will be examined for forgery at 10 a. m. March 12. Judge Owens set the day yesterday. Dole's friends are anxiously waiting to see what defense the young lawyer will oppose to the evidence accumulated against him. Roy Hill's examination for burglary was set for March 11. Hill is the fellow who kicked in the door of the Chicago Laundry with burglary intent, and was caught in the act by Deputy Sheriff Houston.

John Curley, whom Officer Craig arrested Sunday morning for stealing two saws, will be sentenced March 10. B. Eneola, the depraved young Mexican who is charged with a crime against nature, had his examination set for the 14th. Allen Green got a \$15 fine for disturbing the peace. Ernest Demous, charged with battery, will be examined March 11. J. de Georges will appear again March 16 for disturbing the peace, a charge growing from a neighborhood row. Rice and the rest of the cowboy gang had their trial for obstructing the street, under the new ordinance, set for March 12.

CZARSKA IS DEAD.

Fatal Result of Last Friday's Stabbing Affray.

Frederick Csarska is dead, and Elisha Bennett is bowed down under the thought that he has done murder. On Friday evening, as soon as the surgeons had finished their examination of the knife wound received by Csarska in a drunken row in his Third-street saloon, they declared recovery impossible. They said he might die in two minutes, or he might linger for several days. Their prediction has been justified. Csarska clung to life for a little while, but yesterday he began to sink rapidly.

When the end came, Mrs. Csarska, a woman friend, Mrs. Csarska's brother, a brother of Fred Csarska, and Valer Siewski were gathered round the little iron bed in which Csarska lay. He was conscious to the last. Unable to speak, he feebly shook his friends by the hand and looked his farewells with his eyes. When death came at last to end the weary days of suffering, Mrs. Csarska's distress was touching to see.

Bennett expressed great sorrow when he heard the consequences of his drunken fury, which has left a widow and three little orphans—none of the children over 6 years old—to battle for themselves against the world. Csarska leaves considerable property.

The body was removed to Kregelo & Breese's, where the inquest will be held this morning.

FOR FOREIGN MISSIONS.

A Meeting of the First Methodist Church Society.

The meeting of the Woman's Foreign Missionary Society of the First Methodist Episcopal Church at the residence of Mrs. Crow on W. Seventh street, yesterday afternoon, was devoted to women in foreign lands, and sketches of the missionary work carried on there. Mrs. J. M. C. Marble read a paper descriptive of the missionary magazine, and urged all to read it. Mrs. Pomeroy sang "Cast Thy Bread Upon the Waters," and interesting letters were read from Dr. Gertrude Taft, who was sent from this city last summer to Chinkiang, and Miss Mary Reed, the Methodist missionary in the leper district in Pithoragarh, Northern India. Dr. Taft is struggling with the difficulties of the Chinese language and doing medical work. She wrote of the refreshing absence of "that feverish rush with which even Christians get infected in America. Most of the medical work is similar to what one could do in a free dispensary at home, only that the people are so poor and dirty, and put off coming for help until they are very miserable." Dr. Taft suffered from malaria for two months after her arrival, but at the time of her writing had quite regained her health.

There were thirty members of the society present. The rooms were prettily decorated with pink and white flowers and striped bunting.

Licensed to Wed.

James W. Scott, aged 36, a native of California, and Mrs. Millie Clark, aged 36, a native of Canada; both residents of Los Angeles.

Teachers and Students Should TAKE HORSFORD'S ACID PHOSPHATE. It supplies just the material that is most wasted by brain work and nervous exertion—the phosphates.

A COUGH should not be neglected. "Brown's Bronchial Troches" are a simple remedy and give immediate relief. Avoid imitations.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupifying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

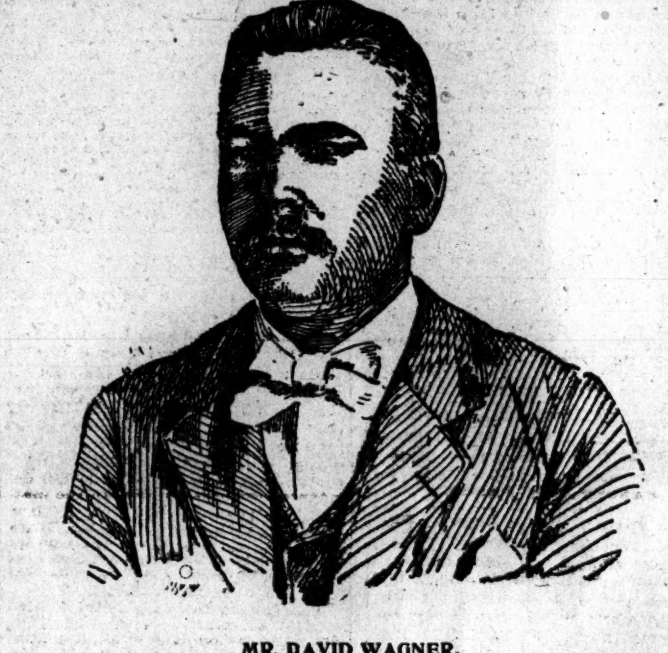

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.

MR. DAVID WAGNER.

FRESNO, Cal., Feb. 21.—I have scarcely been six hours in Fresno, yet I can report a big success for the California remedy. While in one of the leading drugstores of this city I met Mr. David Wagner. He has been using Joy's Vegetable Sarsaparilla, and he tells me that much of his robustness is due to this great vegetable medicine. He assured me that he was in poor health a few months ago and reading some of our advertisements he decided to try the remedy. The medicine worked like a charm. His bowels soon became regular, the coating of his tongue disappeared and he felt better and better every day. Said he: "I would not take fifty dollars for the benefits I have received from Joy's Vegetable Sarsaparilla. The remedy tasted so well at first I thought it was not medicine. I soon found out the difference. Joy's Vegetable Sarsaparilla certainly acts on the bowels and blood. Look at my face; there is not a single mark on it to show I have been taking a blood medicine. Many people using blood remedies have their face and hands and body all covered with blood spots, pimples and blemishes. I can testify that Joy's Vegetable Sarsaparilla brings out no bad blood marks, and it does its work too." I saw a lady who had used the remedy for rheumatism, and her rheumatism has left her. If the druggists here continue to sell Joy's without trying to substitute, as some druggists do in Fresno, you will have a big sale for Joy's Vegetable Sarsaparilla this spring. There ought to be some way to prevent druggists substituting. Of course, in time people will find out that Joy's Vegetable Sarsaparilla is the best, and when they do find it out for themselves no one will be able to make them take a substitute for the native remedy. HENRY TILLMAN.

WOMAN.

The Ills of Her Life Are Known Only to Herself. Mrs. J. A. Echlin, of Golden Gate Tells of Her Cure—It Was by This Wonderful Remedy.

DR. SANDEN'S ELECTRIC BELT

Read What This Grateful Lady Says and Follow Her Course.

GOLDEN GATE (Cal.), March 7, 1895.

DR. A. T. Sanden—Dear Sir: When I first got your Electric Belt I was suffering intensely from the complaint so common with my sex, causing pain in the back and through the whole body. My muscles were stiff and sore through the back and abdomen to such an extent that I was unable to get up from my bed or from a chair without assistance. My stomach was disordered to such an extent that it was impossible to digest my food. Now, after wearing your Belt, the original cause of my trouble is entirely cured, and the pain and other troubles are entirely gone. I must tell you that I feel better than I have for fifteen years, and your Belt has been a great means of relief for me. Your grateful patient, MRS. J. A. ECHLIN.

Woman, Give Heed!

The bodily troubles of women have been the source of wealth to the medical profession for the past twenty years. They have destroyed the peace and happiness of many households by making wives and mothers so fretful and peevish that the usual duties of life have been burdens of care. Medicine has not availed them anything, and the most ordinary complaints have led to the more serious ones, where physicians frequently resort to dangerous surgery in their efforts to bring relief.

How many thousands of women could be made healthy and strong if they would break away from this mad strife with medicine and use a more modern, humane remedy! Electricity! Yes, Women are slow to take up with anything new when it relates to their health. But conditions are changing in the world of women, and the manner of health treatment must change with other things.

Dr. Sanden can give you hope; he can give you proof of the presence of a new and successful means of cure for all weakness in women as well as in men. Call or write of your troubles to him and get full information and advice free. Send for the pamphlet.

DR. A. T. SANDEN.

CHAS. L. HUBBARD, Local Agent.

ORANGE COUNTY.

THE WIFE OF SUPERVISOR POTTER DIED SUDDENLY.

Anaheim, March 9.—(Regular Correspondence.) Death visited Orange county Sunday evening and removed Mrs. Olive A. Potter, wife of County Supervisor W. G. Potter, from Buena Park. Her death is a great shock to the family and a large circle of friends who were not looking at all for so sudden and fatal a termination of the lady's brief illness.

Mrs. Potter was a native of New York and 53 years old at the time of her sudden and sad death. She leaves a husband and family of children, together with many warm friends, to mourn their loss.

The last rites will be conducted over the remains of the deceased, Tuesday, at 11 o'clock a.m., at the family residence near Buena Park.

A POSSIBLE PUBLIC PARK.

A number of the more enterprising residents of the city of Anaheim have taken hold of the matter of a public park for the city, and a good deal of effort work is being quietly done to ward bringing about the desired results in obtaining the same. The gentlemen who have undertaken the matter are enterprising and responsible citizens, who know no such word as "fail" in any undertaking upon which they concentrate their full force and influence.

It is proposed that the park shall contain as much as ten acres in a central location in the city, and when it is completed, no doubt about it, it will be one of the beauty spots of Southern California—for Anaheim never does anything by halves.

SOMETHING IN REPUBLICANISM.

Word was received in Santa Ana today that the Chico Valley Beet-sugar Company, through the manager of its agricultural department, has issued what is termed a "pasteur," to be attached to contracts with Orange county farmers, heretofore issued, agreeing to pay 2 cents per ton more for beets than specified in the old contracts, in case the McKinley tariff schedule is adopted during the life of the contract. This is surely argument every Democrat could sugar-bet grower to ponder over.

NOT YET DECIDED.

It was expected that word would be received today from the men who were in Santa Ana Saturday looking after the matter of putting in an electric street railroad from Santa Ana to Orange and around through the city, and El Modena to Tustin and then back to Santa Ana, as to whether or not they would buy the rails of the Santa Ana, Tustin and Orange Street Railway Company, but up to the time this report was closed the word had not been received.

It is stated here that if the visiting gentlemen take hold of the new project they will also put in an electric line to Santa Ana from the south of the city and from there will run to some point on the beach west, providing a right-of-way can be secured. It is also done garden and the rugged mountains into a perfect miracle of frozen architecture.

A. Robinson of Topeka, Kan., who is visiting here, and the proprietors of the new road may be received tomorrow (Tuesday).

ORANGE COUNTY BREVITIES.

The case in Anaheim of the People vs. W. A. Frantz, charged with cruelty to animals, has been continued to Friday morning. Mr. Frantz is endeavoring to train a pair of young ostriches to drive, and from appearances, one of his envious neighbors is trying to give the young man some trouble.

(Santa Ana Standard.) Help the new street railroad company. The road helps the town, it helps the people, it helps every taxpayer. It helps the poor as much as the rich. The road can and must be put in operation again. It was David Ross, a wealthy man, who divorced his wife on the ground of desertion a few days ago instead of the wife securing it from the husband as inadvisable.

One fruit-packing firm in Orange the past week paid out over \$600 in employees' wages and as the packing season becomes more busy this amount will, of course, be increased.

The Christian Endeavor Society of the Baptist Church in Santa Ana will give a whittling social Tuesday evening of this week, at the residence of Mrs. Grace Steadman.

Prof. and Mrs. F. E. Perkins have returned to Santa Ana from a brief but pleasant visit to Redlands and other San Bernardino County Riverside cities.

Mrs. W. H. Clayton and son, Harry, of Orange, have gone to Portland, Or., to remain for several weeks on a visit to relatives and friends.

John P. Jensen has purchased property in the West tract near Santa Ana of George W. Young, for which he agrees to pay the balance of \$10,000.

Miss Minnie Smith and brother Lloyd have returned to Santa Ana from a visit of several months with relatives in Nebraska.

Joseph E. Eversley has sold a farm of 200 acres in the Los Coyotes Rancho to Jacob Stuckey, recently of Arizona, for \$750.

C. C. Thomas and family of Santa Ana have moved to San Diego where they expect to make their permanent home.

Albert Johnson of Minneapolis, Minn., was in Orange last week, the guest of C. F. Mallory and family.

William Sears of Daguerre, Ariz., was in Santa Ana a few days ago renewing old acquaintances.

SAN PEDRO.

More Difficulty in Getting Bark Enoch Talbot Away.

SAN PEDRO, March 9.—(Regular Correspondence.) The bark Enoch Talbot, loaded with Los Angeles petroleum for San Francisco, had more trouble in leaving this port. It was intended to sail at about 5 a.m. Sunday from where the vessel was anchored outside the city harbor. But two of the crew were ashore and sailing was delayed.

A fishing party, consisting of Justice Downing, Mr. Fife, L. Goodhue, Charles Powers and H. D. Williams, changed to sail out near the bark. Mate John Norby and a sailor were taken aboard the small boat and were brought ashore. Other crew members were seen and with them returned to the vessel, which then set sail. It is expected to reach San Francisco.

SAN BERNARDINO COUNTY.

A RELIEF EXPEDITION FOR A SNOW-BOUND MAN.

Supposed to Be in Peril in Swartout Canyon—Telephones Buzzed by Crossed Wires—Narrow Escape from a Runaway.

SAN BERNARDINO, March 9.—(Regular Correspondence.) The supervisors were today asked and granted necessary expense to send a relief expedition in search of a Mr. Lawrence, who is alleged to be lost in the snow in Swartout Canyon. Little is known of the case in this city. A Mr. Guffy will head the relief party.

TELEPHONES BURNED.

Sunday evening wires of the San Bernardino Electric Light Company and the telephone company came in contact, and several telephones were destroyed. In Judge Knox's courtroom, the telephone made considerable of a noise, and parties found it necessary to break a good-sized window pane to get into the room. The wires were found to be a considerable of a noise, and fortunately a printer was in the office and put out the fire.

A RUNAWAY.

Two children of Al Holtskum had a narrow escape from a runaway Sunday. The harness broke, frightening the horse they were driving. In running the horse threw one child from the buggy, Al Holtskum was thrown, and the horse, and was knocked down, receiving an ugly cut on the temple. J. H. Tittle then caught the animal.

ST. ELMO INVESTMENT COMPANY.

The St. Elmo Investment Company, was once famous, operated north-west of town. A large number of people were losers by its operations. They carried their grievances into the courts, and the court held that the company was not responsible. The Supreme court reversed the decision. Merrill and H. C. Barclay set up a claim of exemption from the decree of the Supreme Court on the ground that they were not members of the company at the time the particular notes in controversy were made. Judge Otis today rendered a decision sustaining their claim of exemption.

WILL RESCUE LAWRENCE.

SAN BERNARDINO, March 9.—A rescue party was sent out from this city today by the Board of Supervisors to relieve a man named Lawrence, who is reported to be held in Swartout Canyon. William Guffy came past Lawrence's place last Tuesday when snow was three and a half feet deep, and Lawrence was in a cabin with horse and cow and only a sack of potatoes and a sack of flour with which to feed man and beast. Lawrence said he refused, saying he would come next day. Since then the snow has fallen to a depth of five feet. A rescue party has been sent out. The snow is so deep that Guffy says it is impossible for Lawrence to get out, and his survival is doubtful. The supervisors authorized any necessary expense in rescuing him.

SAN DIEGO COUNTY.

Michael Donovan Heard From—Many Visitors Arriving.

SAN DIEGO, March 9.—(Regular Correspondence.) The narrow escape of the prisoners in the wrecked train of the Del Mar on Saturday night continues to be the talk of the town. It was good luck that prevented loss of life. Had the train been wrecked a few hundred feet nearer this city it would have been a disaster. The train was in excellent condition. When the engineer felt the broken wheel he stopped the train in its own length. Wrecking crews from San Bernardino and Los Angeles cleared the wreck promptly, and the Sunday traffic over the line was not delayed. General Manager K. H. Wade says that the train was definitely ascertained, but he thinks likely that a broken wheel flange on the locomotive tender or baggage car caused the accident. The train was in excellent condition. New ties having been put in within a year. The amount of the losses is unknown as yet, but when the individual losses are ascertained they will be promptly settled.

Michael Donovan, Jr., who mysteriously disappeared five weeks ago and was supposed to be dead, has been seen. The consequence has telegraphed from Los Angeles that he has arrived there, after tramping northward by a roundabout route. The father of this sixteen-year-old adventurer has again secured possession of the runaway.

The indications of oil near Escondido are so favorable that a company is about to be made for extensive boring. The first well will be bored in the vicinity of Richlands, U.S.A. of Phillips, Phillips, with Mrs. Phillips, are honeycombed at Coronado. Mrs. Phillips was formerly Miss Ada Myrtle Grand of Prescott, Ariz.

Red Bluff, Ariz., says that he has heard about George Thompson, the youthful and hardened criminal who has been held for numerous burglaries in this county. Thompson, he says, is a perfect type of a person born with criminal disposition and very early in life he was in the hands of the law. He says that Thompson came from a respectable family in Red Bluff, but is as bad as a perfect type of a person born with criminal disposition and very early in life he was in the hands of the law. He says that Thompson came from a respectable family in Red Bluff, but is as bad as a perfect type of a person born with criminal disposition and very early in life he was in the hands of the law.

Over five hundred excursionists arrived on Saturday to witness the water carnival.

Miss Edith Roberts and Archibald Taylor were married by the Rev. A. E. Knapp on Sunday.

Quon Linn, an invalid Chinaman, hung himself on Saturday night. He made a noose of a piece of black cloth and suspended himself from a hook above his bed.

Among the arrivals at the Hotel Florence are: Mr. W. B. Bagley, New York; C. W. Gilson, Chicago; Mrs. L. H. Malone, Mrs. C. H. Gill, Cleveland; Mrs. Cheney, London; Ont.; Miss E. Kershaw, Germantown, Pa.; Mrs. P. Carr, St. Louis; Miss E. Swick, Pomona; Mrs. J. C. Cross, Los Angeles; Mrs. William Sauter, Santa Helena; Mr. L. M. Torinus, Stillman; J. R. Bancroft and wife, Des Moines; Mrs. W. S. Fowler, Chicago; Dr. C. H. Quinn, Evansville, Ind.; Sam Adler and family, South Bend, Ind.; E. G. Barkham and family, Sioux City.

Hotel del Coronado arrivals include: Mr. and Mrs. G. W. Armour, New York; Mr. and Mrs. George E. King, Des Moines; C. H. Souther, Boston; Mrs. George S. Gregory, Los Angeles; Mrs. J. F. Fancetta and family, San Rafael; Mr. and Mrs. W. V. Kellen, Boston; O. H. Porter, Chicago; Mr. and Mrs. Garham Bray, Prescott, Ariz.; Mr. and Mrs. G. F. Frank, San Francisco; T. Abbott, St. Louis; Mrs. T. H. Daltrey, Goshen, Ind.; Mrs. J. G. Fyle, St. Paul; Mrs. J. B. Brookbrough, San Francisco; Mr. and Mrs. William Dixon Marsh, Chicago.

POMONA. The Sebastian Murder—Justice Finney Holds Inquest.

POMONA, March 9.—(Regular Correspondence.) From early morning until noon Sunday there was a crowd of men and boys standing about in front of Kirby's undertaking rooms on Second street. City Marshal Lombard attempted several times to get the throng of men, standing on the walk and reaching out into the middle of the roadway, to go away, but their curiosity was so great that they would not move. The fatal quarrel of Robert Sebastian and James M. Maginnis, at the former's home between Sebastian and his wife on Friday evening, that none of the men could be induced to move on.

Justice of the Peace H. S. Finney had an inquest on the body of Sebastian this morning, saying that the coroner was ill at home in Santa Monica, and ordering the Justice to hold the inquest. In as much as the body was decomposed, an inquest was held immediately. Mrs. Rachel Sebastian, widow of the murdered man, and sister of the murderer, testified to the facts of the quarrel between Sebastian and Maginnis. The story was substantially as told in The Times Sunday morning. She, however, says that Sebastian had put Maginnis out of doors and told him to get off, whereupon Maginnis drew his pocket-knife, and with the large blade open, he came to the front door. Sebastian was there to keep the drunken and raging man out, when Maginnis made a savage lunge at Sebastian's abdomen and planted the knife blade in the left groin. Sebastian staggered back into the room to get some weapon for defense, and the blood rushed down the legs of his trousers. Mrs. Sebastian says she was much excited, and told her husband to run for she had fears that he would kill Maginnis. She then rushed to the front door and across the doorway, when he fell face foremost. When Mrs. Sebastian saw her husband lying on the ground, she looked up and died in a moment. He had died from a cut in the femoral artery. Then Mrs. Sebastian gave the testimony to the inquest, and passed on to her home. She and her children fled in fear from the scene, while Maginnis went into the house and swore he would kill any man who would touch the bleeding man started out of the front door and across the doorway, when he fell face foremost. When Mrs. Sebastian saw her husband lying on the ground, she looked up and died in a moment. He had died from a cut in the femoral artery. Then Mrs. Sebastian gave the testimony to the inquest, and passed on to her home. She and her children fled in fear from the scene, while Maginnis went into the house and swore he would kill any man who would touch the bleeding man started out of the front door and across the doorway, when he fell face foremost. Write or call on us for lowest prices and information. E. L. ALLEN, President.

St. No. 324 and 326 South Spring street.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Terminal Baking Powder

ABSOLUTELY PURE

TERMINAL CHANGES.

Made Necessary by General Manager Burnett's Illness.

Southern Pacific Refuses to Enter a Passenger Agreement.

Prospects Good for a Passenger-rate War—Canadian Pacific is not Seeking an Entrance to New York.

T. B. Burnett, general manager of the Los Angeles Terminal Railroad, is yet confined to his room, partially paralyzed, a fact his many friends deeply deplore. On account of his illness some changes have been made in the administration of the company, announced in a circular received yesterday from President G. L. Leighton, who is in St. Louis. The circular reads:

"Owing to the serious illness of T. B. Burnett, vice-president and general manager of this company, the following have been elected and appointed to the respective offices and from this date will assume the duties of those offices, as follows: T. E. Gibson, vice-president; William Winecup, acting general manager in charge of traffic and operation; F. K. Rule, treasurer."

SOUTHERN PACIFIC WILL NOT PLAY.

CHICAGO, March 9.—The Southern Pacific will not become a member of the clearing-house of the Western Passenger Association and the fight over the commissions of that class will go as heretofore. The trouble in reaching an agreement lay in the fact that the Southern Pacific desired that its immigrant Agent Fugate of San Francisco be made agent of the clearing-house. This the roads in the association declared they could not do because of their contracts with the agents they now have. The Southern Pacific will not recede from its demands and the other roads will not give in. The Southern Pacific also asked that it be allowed commissions on traffic on business going into territory where the other lines would not compete. The meeting broke up without any agreement being reached. The chairman of the Transcontinental Association has ruled that the Southern Pacific must cease its practice of allowing second-class passengers to ride in first-class cars between Albany, N. Y., and Chicago and Cincinnati. The Southern Pacific claimed that it could not rightly do this because there were no tourist cars running between Albany and the two cities. Its action, however, was a virtual reduction of the agreed rates and the chairman has declared that it must cease at once.

CANADIAN PACIFIC.

NEW YORK, March 9.—Sir William C. Horn, president of the Canadian Pacific Railway, is at the Waldorf. In conversation with a reporter last night he said: "There is no truth in the report that we are seeking an independent entrance into New York. Our relations with the New York Central are harmonious and mutually advantageous."

"As an instance I can state that among other business that will be transacted at our annual meeting next month the shareholders will be asked to approve an arrangement between the Toronto, Hamilton & Buffalo Railway Company, the Canada Northern, the Michigan Central and the New York Central for the regulation and interchange of traffic and for the division and apportionment of tolls, rates and charges."

"The Toronto, Hamilton and Buffalo Railway is a new road. The other roads mentioned will welcome the lesser. It traverses the Niagara peninsula on the Canadian side and will facilitate the interchange of business between the different interests."

PUT OFF A TRAIN.

SALT LAKE (Utah), March 9.—William R. Malone today filed suit for \$1000 damages against the Southern Pacific road for being forcibly ejected from a train at Los Angeles February 23 last.

SCRAP HEAP.

Conductor A. E. Kinney, who had such a narrow escape in the wreck of his train at Del Mar, is taking a rest at his home on Eighteenth street, this city. His injuries are not dangerous, but quite painful, his right arm having been lacerated somewhat and perforated by something, supposed to have been a spoke of one of the bicycles in the baggage car.

Passengers who were on the train that was wrecked at Del Mar speak in highest terms of praise of General Manager Wade and the other officials of the road, who did much to lessen the discomfort of their temporary situation. Passengers who so desired were allowed to take the sleeping car Mank-wick to within ten miles of the wrecked train, and even further, if they pleased. Medicines and stimulants were also provided in ample measure.

In two weeks more the cars of the Southern California road will all be fitted for being heated with steam from the locomotive, and the deadly car stove will be a thing of the past on that line.

Naud Junction of the Southern Pacific, in this city, will be promoted to a checking station.

Howard Stillman, master mechanic of the Southern Pacific, residing in Sacramento, is at the Hollenbeck.

SANTA BARBARA EXCURSION.

Friday and Saturday, March 13 and 14. Southern Pacific round trip from principal Southern California points, one fare for round trip, five-day limit. From Los Angeles, 8:35. Board of Trade will entertain visitors. Trains leave Arcade Depot at 8 a.m. and 4:35 p.m.

GRAND MILLINERY OPENING.

French imported pattern hats and bonnets, Parisian and exclusive novelties. New store, new goods. A welcome at "The" Millinery, seventh and Olive streets.

A STILL FOR \$2.

Made by F. E. Brown, No. 214 South Spring street, Los Angeles, Cal., for distilling drinking water. Works on any stove. Get circular.

MONROVIA EXCURSION TRAINS TOMORROW.

Via Santa Fe leave La Grande Station 7:10 a.m., 9:30 a.m., 1:30 p.m. Citizens with free carriage drives through the valley to Duarte and Baldwin's ranch. Returning, passengers can take train for Los Angeles at Monrovia, Arcadia or Santa Anita. Round trip, 50 cents.

TO LET—Fine, well-lighted front rooms in third story of Times building, elevated to be installed. Apply counting-room, Times building, basement.

"BUG" HOLLIDAY.

While Drunk He Pounded and Kicked a Woman.

"Bug" Holliday is in trouble again. This time he has been kicking and pounding and beating a woman.

Shortly after midnight last night a hack drove up to the Police Station. Officer Robbins jumped out, dragging after him Holliday, howling and fighting drunk. The third member of the party was a disheveled woman with a wounded nose, bleeding lips and two black eyes. The man was searched and thrown into a cell. The woman sank down upon a seat and held her handkerchief to her wounded lips, while her frame was racked with sobs.

Officer Robbins stated that he was on the corner of Sixth and Broadway, when a man came running up in great excitement, yelling that an officer was needed on Spring street. Officer Robbins ran down Sixth to Spring as hard as he could go. There he found a big crowd collected, with Holliday and a woman in the center. The crowd indignantly explained that Holliday had been driving along the street in a hack, in company with a woman. Suddenly he threw open the door, seized the woman by the neck and hurled her foremost on the pavement. Then he jumped out after her and pounded and kicked her as she lay there.

To avoid being driven through the streets in the patrol wagon, the pair offered to pay the hack fare, and Officer Robbins consented.

After Holliday had been locked up, the woman, as usual in such cases, declared she would never in the world consent to prosecute the fellow for his brutal conduct. She said she had been trying to get him home, because he was drunk. She pleaded to be allowed to stay all night at the Police Station. At first the officers thought of giving her a bed in the hospital, then they persuaded her it would be better for her to go home, so they sent her off in a hack.

The woman refused to give her name, but stoutly averred her respectability.

A MILLSTONE ON HIS NECK.

How He Got Rid of It.

Mr. S's occupation was such that he felt the occasional need of a stimulant. He never intended to take more than one drink—but he generally did. On rare occasions he actually got full.

Though it never seriously interfered with his business he felt that it was reducing his health and success. He made frequent resolutions and broke them. He was slowly going down hill.

Then he found Peruvian Bitters—and he is now rapidly going in the opposite direction. Peruvian Bitters are composed of the world famous Peruvian Bark and other medicinal herbs of great value blended in fine old California brandy. The invigorating and tonic effect of the Peruvian Bark operates with the stimulating effect of the brandy to produce a healthy and hearty appetite for more. Peruvian Bitters satisfy the desire for a stimulant—quench the fire instead of adding fuel. After taking this palatable and highly invigorating drink for a while the desire for alcoholic stimulants is gone; the appetite and digestion are improved; the system is toned up and every function is at its best. You continue to take Peruvian Bitters, not from habit but because you feel it does you good, fortifies you against colds, malaria and disease germs of every description and makes you as far as possible a perfect player.

Max & Co., San Francisco. All druggists and dealers.
